

## **Granny Schmidt's**

### Description:

Granny Schmidt's bakery opened in September 2006 to bring best-in-class bakery products to customers who enjoy the marriage of high style and century-old goodness.

We don't produce cakes by adding flavorings to factory supplied base mixes. We make every cake from scratch, often one at a time, using nothing you wouldn't have found at the corner grocery a hundred years ago.

We bake our wedding cakes using the exact same recipes we use for our specialty and custom cakes.

When an ordinary piece of cake will not do, call Granny Schmidt's and let us bring your dream cake to life.

When it has to be Perfect.....it has to be Granny Schmidt's.
